JAMES' NEW AMERICAN FORM BOOK AND LEGAL Gross, in one 13 mo. volume. So me 300 pages, leather, binding, price \$1. Published by J. A. and W. P. James, Cincinnati, and for sale by J. H. Thompson, Wheeling, Va.

Numerous books of forms have at various times made their appearance, but few of them have been found worthy of confidence. The one before us bears evident marks of being a valuable compan ion for every man, whether in business or out, who may find it necessary to use any of the forms required in the way of bargain and sale, whether in the ordinary course of Merehandizing, or real estale, or building contracts, leases, &c., &c. Mechanics, also, will find the lien law fully explained, and the necessary forms of securing their claims, fully given, and all this information is so arrange as to be applicable to the laws of any one of the States of our Union. Merchants will, also, find much other matter, such as laws of interest, rules of exchange, damages on protested bills, chattels, mortgages, &c., &c., well worth five times the

price of the book. It is unquestionably of good

ment, and should be found in every man's posses-

sion for reference, who desires to conduct his bu-

gaess correctly, and prevent vexatious litigations.

Lepickous .- A paragraph headed "Mr. Web ser's trip from Baltimore to Washington," appeared in our columns yesterday so peppered with typographical errors that our readers, we presume, and it difficult to tell whether it was intended for Euglish or Choctaw. It was set by a small boy just learning to set type, and was accidentally placed among the regular corrected matter, and, of course, inserted in the form. Any reader acquaint ed with the rules of our office knows that such an article could only have got into our columns by an assident which sometimes occurs in the best res ulated printing establishments.

LIFE INSURANCE is attaining great popularity among all classes of our citizens. It has as its chief recommendation an element which ensures the success of any enterprise in our utilitarian age, name ly the promotion of the interests, pecuniarily, of all who enlist in it.

Messrs. Dorsey and Arther, the energetic agents in this city of the "United States' Life Insurance Annuity and Trust Company," have recently issued a large number of policies, and are daily teceiving applications for more. Our readers should consult the advertisement of this company to be found in another column.

IMPROVEMENT .- The new firm of H. Chormann & Co., consisting of Messrs. Busbee and Little and Mr. Henry Chormann, have added another story to their large building, and are making in other re spects the most ample arrangements for the man facture of carriages, coaches, omnibusses, hacks, buggies, &c. This establishment promises to rival inextent, and the character of its work, any other of the same kind in the West.

A RARE CHANCE is offered to those desiring to purchase a good dwelling house, furnished extersally and internally with all the conveniences constructed by a good house-keeper for himself, by Mr. T. G. Culbertson, who advertises his residence n North Wheeling for sale. See the advertise ment in another column.

Mr. O'REILLY having gone to Pittsburgh for a few days, the Panorama of Ireland will-by request--be re-opened for a short time in the course o

THE WATER had receded sufficiently yesterday to allow the workmen to re-commence operation at the Creek Railroad Bridge.

HOUSEHOLD FURNITURE.-Persons desirous purchasing household furniture at a bargain, are referred to the advertisement of Mr. J. C. Todd.

Short Creek lands for Sale Short Creek lands for Sale

In Ohio county, Virginia.

W Ishing to dispose of my Real hatate, I offer at private sale until the 1st day of November next, my farm in the County of Ohlo, situate on the waters of Short Creek, containing about five hundred and sixty acres. This property is desirably located on both sides of the Wheeling, West Liberty and Bethany Turnpike, about seven miles from Wheeling and five from West Liberty.

The farm is in the highest state of improvement, having a large amount of new plank fencing, and judiciously laid off in fields for tarming and grazing purposes. There are on the premises two good dwelling houses, with ample stabiling, corn cribs, dec. There are also four good tenants Houses. There is a commodious new barn, one hundred and eight feet long by forty four in width, fitted in every particular for the wants of the farm, including ample shelter for tweive hundred sheep.

I will selt these lands in whole or in part, to suit the wishes of those desiring to purchase. Terms will be liberal.

The Only True Portrait of Washington.

Just Published, T. B. Welch's Magnificent Portrait of Washington!

Engraved (by permission) from Stuart's only original portrait, in the Atheneum, Boston.

This superb picture, engayed under the superintendance of Thomas Sully, Esq., the eminent and highly gifted artist, is the only correct likeness of Washington ever published. It has been characterized as the greatest work of art ever produced in this country. As to its fidelity, we refer to the letters of the adopted son of Washington Park Custis, who says, "it is a faithful representation of the celebrated original," and to Chief Justice Taney of the Supreme Court of the United States, who says, "As a work of art its excellence and beauty must atrike every one who sees it; and it is no less happy in its fixeness to the Father of his country. It was my good fortune to have seen him in the days of my boyhood and his whole appearance is yet alrongly impressed on my memory. The portrait you have issued appears to me to be one react likeness, it like it like representation of the great original." President Fillmore says, "tine work appears to me to have been admirably executed and entirently worthy of the patronage of the public." Says Marchanit, the emment of portrait painter, and the pupil of Stuart, "your print, on my mind is more remarkine than any other I have seen for presenting the schole individuality of the original portrait, together with the noble and dignified repose of air and manner, which all who ever saw him considered a marked characteristic of the illustrious man it commemorates."

The for the great merits of this picture we should referevery lover of Washington to the portrait itself, to be seen at the office of this paper, and to the lefters of the following Artists, Statesmen, Jurists and Scholars accompanying it.

Artists.—Aarchant and Elintot, of New York: Acade, Rothermel and Lambdin, of Philadelphia; Cheater Harding, of Boston; Charles Fraser, of Charleston. S. C., and to the adopted son of Washington, Hon Geo. W. P. Custis, himself an artist. Portrait of Washington!

ing, of Hoston; Charles Fraser, of Charreston, S. C., and to the adopted son of Washington, Hon Geo. W. P. Custis, himself an artist.

Statsmer.—His Excellency Millard Fillmore, Hon. G. M. Dallas, Hon. Wm. R. Khig, Hon. Daniel Wobster, Hon. Lynn Boyd, Hon. Lewis Cass, Hon. Wn. A. Graham, Hon. John P. Kennedy, Hon.; Robert Winthrop, LL. D. John P. Kennedy, Hon. Robert Winthrop, LL. D. John McLean, Hon. Rofus Choate.

Scholars.—Charles Folson, Esq., the well known Libratian of the Hoston Athenium, who says, "I would rather own it than any painted copy I have ever seen." Richard Hiddreth, Edward Everett, LL. D., Jared Sparks, Ll. D., Wm. H. Prescott, Esq., Washington Irving, Ralph Emeraon, Esq. Prof. T. C. Upham, J. T. Head ey, Fitz Green Halleck, H. W. Longfellow, Wm. Gilmore Simms, &c., &c. The Press throughout the entire Union, have with one voice proclaimed the merits of this superb engraving.

To enable all to possess this valuable treasure, it is sold at the low price of S6 per copy.

SAFETY GAS LAMPS, Patent Phosgene Gas,

FOR BURNING IN THE SAME.

This Lamp, for producing a portable Light, is confidently recommended as superior to any other note in use.

THE LIGHT is produced by the burning of an actiform Gas, which is emitted in beautiful jets from small perforations in Platins.

The Gas is generated as it is used, by the heat of its own combustion acting on the burner, connected with the Liquid in the Lamp. Thus it is a perfect and portable apparatus for creating and burning aeriform Gas.

Its construction is such, that all possibility of accident from its use is entirely temowed; and the great simplicity of

Its construction is such, that all possibility of accident from its use is entirely removed; and the great simplicity of its arrangement renders it less liable to get out of order than any other kind of Lamp. It requires no cleaning and trimming, as do the Oil and Camphene Lamps, and burns equally well, either with or without a glass globe or shade, and perfectly free from smoke or odor.

The opinions of the scientific may be learned from the fact that at the Annual Fair of the American Institute, in 1845, 6 SILVER MEDAL was awarded to be Inventor, and a Diploma to the Manufacturer; and at the same it was pronounced the REST LIGHT ever exhibited to the Institute.
